BRITISH EXCLUDE — AMERICAN PACKERS

FROM TENDERING M. AT CON-
TRACTS FOR SUPPLY OF ARMY
OR NAVY UNTIL SUITS ARE
SETTLED.

MURDER OF KING RUMORED

Rumor That King George V. Was
Assassinated Gained Credence and
Caused Great Excitement.

London, Dec. 14.—Special to Tele-
graph—The British government has
decided to exclude all American meat
packers against whom prosecutions
have been instituted in the United
States, from tendering contracts for
supplying the meat to either the
British army or navy.

The order will be in effect until
the suits now in progress have been
settled and the packers cleared.

KING ASSASSINATED IS RUMOR.

London, Dec. 14.—Special to Tele-
graph—A rumor which said that
King George V. had been assassinated
in Delhi got to London and spread
like wildfire here, creating great ex-
citement today, until a message was
received from Delhi saying that all
was well.

OPERA HOUSE HANGING

Negro Strung up in Theater at
Jackson, Georgia.

Colored Preacher Had Incited Riot
and Fired Shot that Killed
Prominent Planter.

Jackson, Ga., Dec. 15.—The first hang-
ing that ever occurred in an opera
house took place here when Rev. Wil-
liam Turner, a negro preacher, was
executed for having incited a race riot
in which Jesse Singley, a prominent
planter, was shot to death. The sher-
iff had planned to hang the negro in
the jail yard, but he feared the crowd
would break in. The weather was also
disagreeable, so he decided to hang
the negro in Kink's opera house so
that the relatives of the murdered
man would have to stand in the rain.
The gallows was erected on the stage
of the opera house, and at noon the
negro was marched to the scene. Be-
fore the trap was sprung the negro
confessed that he incited the riot and
that he also fired the shot which killed
Singley. He warned the members of
his race to let whisky alone and to be
advised by the whites.

In the boxes and front seats of the
opera house were many relatives and
friends of the murdered man.

REPORT OF VREELAND BOARD

President Transmits to Congress Find-
ings in Regard to Maine.

Washington, Dec. 15.—The report of
the Vreeland board which visited the
wreck of the United States battleship
Maine at Havana last month and after
examination of the exposed hull con-
firmed the findings of the Sampson
court of inquiry of 1893 that the ex-
plosion of a submarine mine was the
primary cause of the destruction of
the vessel, was sent to congress by
President Taft.

Though the findings of the Vreeland
board to the effect that an explosion
of a submarine mine under the Maine
caused the explosion of the six-inch
reserve magazine which resulted in the
destruction of the vessel were made
public on their return from Havana
the publication of the report gives the
first account of the facts on which they
based these conclusions.

He refused to say where the men

ROPER COMPANY TO ENLARGE PLANT

LOCAL INSTITUTION IS TURNING
OUT LARGE QUANTITIES OF
FINE FURNITURE.

FOR THE BIG CHICAGO STORES

Visitors Pleased With Inspection of
Factory and New Line of
Samples.

Visitors' day at the Roper Furni-
ture factory Thursday was a revela-
tion to the Dixon people who have
never visited the plant and who called
in response to the public invita-
tion of President Roper to inspect
the factory and its product. So much
interest was shown by the visitors
that the management has extended
the courtesy for the balance of the
week and tomorrow will see many
more visitors.

President J. A. Roper and sons,
Secretary Harry Roper and Super-
intendent Clyde Roper, escorted the
many visitors through the display
rooms where there is on exhibition
several hundred dining tables, buf-
fets, china closets and serving ta-
bles as a representative line of the
goods manufactured in the local
plant.

Make Special Line.

The company is specializing on
dining room furniture and is putting
out a high grade product in most
pleasing styles which will retail from
\$60 to \$125. There are two distinct
lines, mission and colonial, each var-
ied sufficiently to suit all tastes both
in design and finish. There are many
beautiful woods and the finishes are
in early English, fumed oak, golden
oak polished and waxed golden oak.

Please Big Buyers.

The workmanship in design, execu-
tion and finish is superior, being
of much higher grade than formerly
made by this company, for they are
now supplying the demands of such
concerns as Marshall Field, Tobey,
Mandel Bros., Carson Pirie Scott &
Co. of Chicago, and the Lambert Fur-
niture Co. of St. Louis. A buyer from
Mandel Bros. was here today to in-
spect the line and was so pleased that
he left an order for 2,000 tables.

Product Is Superior.

The goods now being manufactur-
ed by the Roper people are superior
in workmanship and a credit to the
company and the city. Wm. Hart is
the designer of this exceptionally
fine line of dining room suites. He has
been with the Ropers for the past 30
years. There are now 87 men who
find steady employment at the plant
and they are turning out about 70
finished articles per day. While the
company was supplying Sears Roeb-
uck & Co. the output was about
\$30,000 per month, but the higher
grade goods now made will probably
run much higher than that.

Must Enlarge Plant.

A regular stock of 2,000 tables is
kept on hand to fill immediate orders,
but there is such a demand for the
goods at present and indication of
steadily increasing business that the
company has decided to enlarge the
plant in the spring. Many valuable
new pieces of machinery are being
added, and the plant is now a model
institution of its kind, both in the
equipment and the sanitary condi-
tions.

A side line is being developed to
meet the demand for library tables
and many articles of handsome de-
sign are being turned out which will
make still more necessary the pro-
posed enlargement of the plant. The
new workmen who entered the plant
since its removal to Dixon are becom-
ing skilled under the direction of the
old hands and there is prospect that
there will be places for many more
men when the factory is enlarged.

NEW DELIVERY TRUCK.

Al Weigle has received an automo-
bile truck for delivery purposes, the
third in the city. Mr. Weigle will be
able to deliver meat orders much
more quickly in the future.

LENNON'S BOWLING ALLEY.

Next Tuesday evening at Lennon's
opera house bowling alleys the first
of a series of games between teams
from the Telegraph and News offices
will be played. Modesty forbids any
prediction as to the outcome of the
games.

COUNTY FARM REPORT IS INTERESTING

DATA CONCERNING INMATES AT
ALMS HOUSE IS EMBODIED IN
REPORT BY ALMS HOUSE COM-
MITTEE.

The condition of the county farm
is shown to be first class by the an-
nual report of the alms house com-
mittee of the board of supervisors,
which was presented to the board at
the meeting this week, and the re-
port also gives some interesting data
concerning the inmates at the farm.
The committee made a thorough
invoice of all personal property on
the farm and found the value of it to
be \$7,666.98. There was cash on
hand Dec. 1, of \$50, bringing the to-
tal of the invoice to \$7,666.98.

of the inmates shows that there are
more American born people at the
farm than of any other nationality,
the committee's report showing:

The ages of the inmates vary from
3 to 90, the average being 32 years
and seven months.

different towns during the year were:

DEMENTTOWN MERCHANTS TO GET FOUR LIGHTS

A committee of Dementtown busi-
ness men, John McIntyre, K. L. Ste-
bolt and W. H. Flemming, conferred
with Commissioner Henry Schmidt
yesterday afternoon regarding the
removal of the arc light from the cor-
ner of Seventh street and Depot av-
enue. The merchants believed that
a tungsten light would not give them
sufficient light, and they presented
their claims so forcefully that the
commissioner promised to install 4
of the 60 watt tungsten lights at
that corner. The business men of the
avenue are now considering the ad-
visability of installing the boulevard
lights next year.

LEE INSTITUTE ENDS TONIGHT

WEST BROOKLYNITES ARE ROY-
AL HOSTS AND EXCELLENT
MANAGERS.

INSTITUTE IS A GRAND SUCCESS

Committee in Charge Has Succeeded
Well in Entertaining and
Benefiting Thousands.

The merchants and business men
of West Brooklyn deserve much cred-
it for the manner in which they have
handled the Lee County Farmers' In-
stitute and the grand success they
have made of it.

Every detail of the entire propo-
sition has been taken care of and the
whole effect is masterly.

In spite of the almost impassable
roads, the town of West Brooklyn
was practically full of visitors yester-
day. It was estimated that about
1,000 people visited the town during
the day, and had the roads been in
good condition, room for the crowd
could not have been found.

Yesterday's program was excellent.
The halls in which the afternoon and
evening programs were held were
packed at early hours and all late-
comers missed the speaking.

Yesterday morning Mrs. Lillian
Bauer entertained with beautiful in-
strumental music and B. T. Abbot
gave a very interesting talk on "More
and Better Livestock for Illinois."

The afternoon program opened
with a concert by Barr's orchestra. A
reading by Mrs. Graham was heard
with appreciation and then the
speaker of the day, O. D. Center, su-
perintendent of the Farmers' In-
stitute, was heard. This was an excel-
lent address, by a very able man, and
those who heard him are wiser for it.
His subject was "Building Up and
Maintaining Soil Fertility."

In the evening the West Brooklyn
Cornet band opened the exercises in
an able style and a male quartet also
pleased the large audience.

Miss Rosetta Carnahan then gave
a delightful reading and another
male quartet came in for their share
of the honors.

An address, "The Federated Forces
of the Farm," by Mrs. Dunlap, was a
very forceful, instructive and ably
delivered talk.

Music by Barr's orchestra finished
the evening program.

Friday's Program.

The program today was of equal
excellence and the audiences were
appreciative and large, many who
have been present yesterday and the
day before returning today.

Instrumental music by Mrs. Syl-
vester Henry and an address, "How
to Raise 100 Bushels of Corn to the
Acre," were on the morning pro-
gram, and the brevity of the pro-
gram was more than made up for in
quality.

This afternoon the reports of the
committees were received and the
election of officers was on the pro-
gram, and the sale of exhibits also
took place. An address on "How to
Build and Maintain Earth Roads
Without Money" was given. The use
of the King drag in road work was
taken.

Local talent supplied the major
portion of the talking today. This eve-
ning there will be an address on
"Our Boys and Girls" and music of
various sorts.

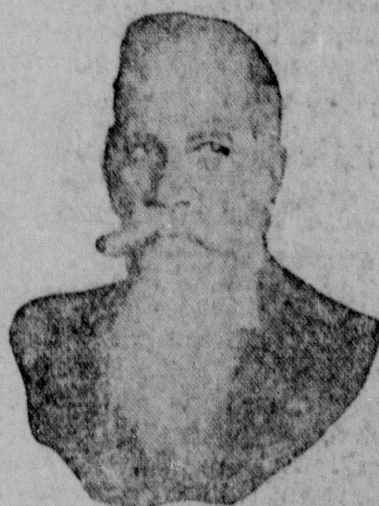

The Household Science department
was a very interesting place and
drew large crowds. The exhibits were
many and varied and to the mascu-
line eye, were weird and vague with
the exception of the cake, cookies,
doughnuts, bread, etc. These exhib-
its were perfectly recognizable and
it was with difficulty that the pleas-
ant ladies in charge guarded these
precious things from the ravages of
hungry supervisors, states attorneys,
county treasurers and county clerks
and circuit clerks, and demoraals of
all sorts and ferocious, lawbreaking
vandals from the outlying settle-
ments.

The exhibits on the whole, includ-
ing the vegetable, grain, fruits and,
in fact, everything that the farm pro-
duces, and many things that no or-
dinary farm can produce, were pro-
fuse and their quality even outweighed
their quantity. Many stated that
old West Brooklyn had an exhibit

QUADRUPLE CRIME LAID TO ITALIAN

GEN. BERNARDO REYES

Ostensible Head of Mexican
Uprising Scheduled for Sunday.

that beat the county fair forty ways.
Everything imaginable was in evi-
dence.

One very unique curiosity was the
creation of Gilbert Malach, 12 year
old son of Supervisor Malach of Sub-
lette. It is an automobile, and the
machine is made of seeds. Corn, oats,
wheat and timothy seed were used
in the construction of the ingenious
little toy. Even the handles are on
the doors of the car. The lamps of
the machine have mica lights in them
and this mineral is also used in the
glass front. Last year the little fel-
low made an automobile of burrs,
which attracted a great deal of at-
tention. This year's exhibit is far
above the last one however.

There is one other thing that the
visitors to West Brooklyn will not
forget for many moons, and that is
the elegant, delicious, insoucious, even
heavenly chicken dinner that the la-
dies of the Catholic church in West
Brooklyn served to the hungry multi-
tude. They filled up everyone. You
didn't quit with what they were
pleased to give you. They pressed
enormous platters of steaming fried
chicken upon you even after you had
had your fourth helping and those
gracious ladies won their way into
the hearts of every hungry traveler.

The exhibits clearly surpassed
those of any previous institute ever
held in Lee county. They were
certainly grand to behold.

DAY AT BOWLING

ALLEYS FOR CHARITY

P. A. Lennon, manager of the op-
era house bowling alleys, has given
his aid to the charitable work in the
city by turning over the alleys to the
Invincibles, who are active charitable
workers, for next Thursday after-
noon. The young ladies will be in
full charge of the alleys during the
entire afternoon and they will use
the receipts in their work.

WESLEY WINTERS INJURED

J. Wesley Winters of this city, who
is a brakeman on the I. C., will not
be able to work for a few days as the
result of turning his ankle while
switching in the local yards yester-
day. The ankle was sprained slightly,
but Winters continued his run to
Clinton, where he was relieved by an
extra brakeman.

ROOF IS TARRED.

Gerge Hall, the roof contractor of
Sterling, has completed the work of
tarring the roof of the Reynolds wire
screen factory.

McMAHON CONGRATULATED.

Circuit Clerk W. B. McMahon has
received a number of congratulations
from the supervisors for the excel-
lent record made in his office during
the past six months. The report show
he has established two records, one
of collecting every cent due during
the past half year, and the other of
paying the county treasurer the larg-
est balance for any six months in the
history of the county. Mr. McMahon's
office cleared over \$1,000 during that
time and never before has all the
money due for recording been col-
lected.

TWO BOULEVARD LIGHTS.

The Lee County Lighting company
is installing two of the boulevard
light posts in front of its office and
the car barns.

Four Persons Found Murdered
on Farm near Albany, N. Y.

POLICE SEARCH FOR FARMHAND

Note Found on Piano Reads: "Italians
Make Sausage of Americans"—
Bodies Horribly Mutilated
and Hidden.

Albany, N. Y., Dec. 15.—The police
of the country are searching for Ed-
ward Doulo, or Denis, or Denis, the
Italian farm hand employed by the
Morner family, prosperous dairy farm-
ers of De Freesville, Rensselaer coun-
ty, the mutilated bodies of four mem-
bers of which were found in a stable
on their farm.

The missing man has not been seen
since Tuesday afternoon, when, at
about 3:30 o'clock, he went to a farm
house, located near the Morner farm
and had his trousers, which were
ripped from the knee down one leg,
mended and several buttons sewed on
his clothes.

The bodies of Mrs. Conrad Morner,
aged fifty-two years, the mother; Edith
and Florence Morner, aged eighteen
and sixteen years respectively, the
daughters, and Arthur Morner, the
son, aged twenty-eight, were horribly
mutilated, being hacked with a hatchet
and battered with a bale stick until
they were almost unrecognizable. The
bodies of the mother and the two
daughters were found in a manure
creeper beneath the barn floor and
the remainder of the son were found
buried beneath the barn floor.

The heads of the victims were sent
upon in great gashes and their bodies
having been torn off. Those that re-
mained were frayed and bloodstained.
The many bruises on the bodies indi-
cated a struggle. The head of the el-
derly girl, Edith, was nearly severed
and there was a large hole in her left
temple, one of her arms was broken
and when the body was dragged out of
the manure the both hands were raised
in front of her face as though for pro-
tection. The younger girl's body was the
least lacerated.

During a search of the house a note
was found on the piano in the sitting
room. It was written in English and
read: "Italians make sausage of
Americans."

FAMILY THEATRE

Patrons of the Family theatre were more than pleased last evening with the performance. The Aerial Buds, Juvenile Air Wonders, were fine and the Markee Brothers in a comedy musical sketch were equally pleasing. The pictures, as always, are excellent. An extra feature in to-morrow night's bill is a rare picture entitled New York State Barge Canal.

PRINCESS THEATRE.

Still the excellent program at the Princess holds up. Tonight the management claims his patrons will see one of the best programs ever seen in the city. Cleo and Phylates, a two-reel picture, surpasses the recent production of The Fall of Troy. It is a sensational, beautiful, masterly drama. There are 1000 people in the cast. A magnificent and spectacular conflagration is depicted. The Crows is a comedy that will be shown and is sure to please.

DEMENTTOWN THE BARGAIN CENTER

DEPOT AVE. MERCHANTS OFFER REMARKABLE VALUES FOR SATURDAY.

A PAGE OF ADVERTISEMENTS

Store Keepers Offer Special Inducements to the Buyers of Dixon.

Dementtown will be the busiest part of Dixon tomorrow, and the attraction which will make it so will be the first "Bargain Day" of the merchants of Depot Avenue. Every business man on the avenue is offering special inducements to the people of Dixon and vicinity, and there is no doubt the offerings will be taken advantage of by the hosts of purchasers who will recognize the special values being given for tomorrow only.

Nearly every want can be supplied by the stores in Dementtown. The two grocers, W. C. Jones and W. H. Flemming, are quoting prices in their advertisements on this page which will certainly catch the eyes of housekeepers. The goods handled by these dealers are of the highest class and the prices quoted are almost unreasonably low.

The Coal Men.

Valle & McIntyre and Phil Woolever, dealers in high grade fuel, have also offered extra inducements for trade tomorrow, as will be seen by their ads. They will give enormous values for the money.

Huggins offers greatly reduced prices on his merchandise, which has always given satisfaction, and there is no doubt his store will be filled with anxious purchasers tomorrow.

Zoeller's Variety store, filled to the roof with Christmas goods and thousands of other articles, should enjoy a remarkable business during the day, as Mr. Zoeller is offering a 10 per cent discount on every purchase.

Siebolt, proprietor of the Round Corner where, by the way, he conducts a first class restaurant, has slashed the prices of his holiday box candy and cigar packages, and is offering unheard of bargains in these articles.

Dementtown's merchant tailor and

10 per cent. DISCOUNT

On all Orders Taken Saturday

Gerhard Frericks
DEMENTTOWN TAILOR

repairer, Gerhard Frericks, has also made a startling cut in his prices for work and orders placed tomorrow, the cut being one-tenth off. Mr. Frerick's work is always high class.

Owners of horses will do well to read the announcement of Ketchner, the Dementtown smithy. He is making a special inducement on self-sharpening and common shoes for tomorrow, and as his work is always of the highest class he should be kept exceedingly busy.

And the Depot Avenue liquor dealers are not to be forgotten in tomorrow's bargains. They are offering original package bottled in bond liquors at rock bottom prices, and those who have contemplated Christmas presents of this nature will do well to investigate the offerings of these merchants.

The street cars run right past the doors of these energetic and wide-awake merchants and the people of Dixon who do not know Dementtown business men and their goods will do well to take advantage of the first bargain day offerings.

DEMENTTOWN DOINGS.

Will we follow the crowds? Answer, we will.

Which means that we'll be on the avenue tomorrow.

Patience has its own reward. Frinstance, we've been telling you all the week something good was coming. Here it is, and if it wasn't worth waiting for we don't know anything about it.

Read over those ads, and if your pocketbook doesn't smile hard enough to tickle you it's a cinch there's nothing in it.

P. O. Sullivan went to Milwaukee this a. m. for a short business visit. Cheese Cutter informed us before he left that his business wasn't with Schlitz, Pabst, Blatz, Miller or any of those ginks, either.

There are vest pocket editions of everything nowadays — including money.

If you don't believe there is "untold" wealth in America, ask any assessor or a member of any board of review.

There's a bright side to everything. Therefore when you slip on the ice and fall don't swear. Just think of the fun you're giving the onlookers.

We refrain from making any comment on Jim Boyer's assertion that he saw a robin in a hickory tree yesterday. The mere fact that it was a nut tree will suffice for readers of this col. to make their own wheeze.

When a train stops at some stations in this vicinity, the people act as if the train never stopped there before.

In justice to the Dementtown merchants, let it be known that tomorrow is not the only bargain day of the year that they give the people. They maintain very strongly that every day is a bargain day. But tomorrow there're going to show the people that Dementtown is quite some considerable part of the city.

A Progressive Man.

Realizing that Dementtown is real-

ly a city in itself, Henry Coffey yesterday started a deal whereby a telephone exchange may be located here. At least he wants a "Hello Girl" on the ave. and it is suspected that he wants the job himself. For Henry yesterday spent the afternoon practicing as a "Hello Girl." He called up Lyle Northrup and told him there was a registered package at the postal station at Jones' store. Lyle peeled off his apron and beat it down to the store without coat or hat. He had to stand around several minutes before the clerk got to him and Lyle's anger, as he was told there was nothing there for him, was not enough to counteract any gripe germs he might have grabbed on his run down to the P. O. "Hello Henry" also slipped the same gag over on a few others of our unsuspecting citizens, and he had to beat it home last night in a roundabout way.

The Sons of Ananias.

Ever hear of these:
My girl had a large number of proposals for marriage this year, but she's in no hurry and really I don't want her to get married yet.

Why, it's no trouble at all for us to heat our house on four tons of coal, and really it's too warm most of the time.

I don't see why you're so particular about what part of the turkey you get. I have no preference.

Our little son says some of the cutest things, but he's very modest and doesn't realize how bright he is. Some of his sayings should be sent to the Dementtown Doings, but I hate to do it for fear the editor will think I'm egotistical. (Ed's Note — The ed. has a basketful of contributions from this fellow, on his hands right now.)

Xmas Suggestions.

If your pocketbook gives out before you have completed all of your purchases, the following suggestions regarding homemade presents may be appreciated:

To make military brushes: Hunt around until you find two scrubbing brushes of equal size. It is immaterial if they have been used, in which case boil them for several hours in a strong solution of lye and disinfect with peroxide. After they have been thoroughly dried paint with white paint and stripe with gilt. If you happen to have an old valentine about the picture from it can be pasted on the back of the brushes. These excellent brushes should be given to the relative who gives you a gold watch or a diamond ring.

VERY ILL.

F. A. Bott is reported to be seri-
ously ill.THE SUPERVISORS
AT THE INSTITUTEIN WEST BROOKLYN IN COMPANY
WITH SEVERAL COUNTY OFFI-
CIALS—JOYS AND MISHAPS OF
THE TRIP.The majority of the members of
the board of supervisors, States At-
torney Harry Edwards, County Clerk
Thompson, Circuit Clerk McMahan,
Fred Dimick, Major A. T. Tourtellott,
County Treasurer Vaughan and Ed-
itor Frank Stevens comprised a party
that went from Dixon to attend the
Lee County Farmers' Institute at
West Brooklyn yesterday. The party
dined in Amboy and from there drove
to West Brooklyn in rigs furnished
by Chairman "Billy" Edwards.The journey over was a very com-
fortable trip (for some). The super-
visors are unanimously in favor of
hard roads at the present writing. A
few of them advocate the building of
concrete sidewalks at the roadsides;
one is Charles Welty, who complains
that they made him walk half way
and some of the others are Super-
visors Banks and Dysart and a poor
downtrodden newspaper man who
came to grief within about a mile of
their destination, when their team
and front wheels dissolved partner-
ship with the rest of the outfit, and
dropped them into an almost bottom-
less mud puddle. The team and front
wheels displayed no disposition to
have anything further to do with
their cargo and went over the hill
and out of sight at a rate that would
sweep the stakes on any track and
while the astounded passengers were
gouging the fertile soil of Brooklyn
town out of their eyes.The team raced into town and
was stopped by the valiant efforts of
Father Bercheld, to whom much
thanks is due. The victims of the
shipwreck rolled up their trousers
waded ashore and hiked into town to
be met by a very disrespectful and
unsympathetic delegation, who seem-
ed to think that their plight was of a
humorous nature. Some people have
the strangest idea of what is funny.
The best we can hope for is that they
may get into the same kind of a fix
some day and that we may also make
light of their predicament. It may
take a long time, but we will live on
in hope that some day we can get
even with "Bob" Phillips and "Billy"
Webber for the way they hooted at
us.The best things they did was to eat
The county officials and super-
visors did everything up brown. One o-
my, but they did take advantage of
those generous ladies who served
meals. They paid a quarter to get
into the dining room and they ate
two dollars' worth of fried chicken.
Of course those of us who walked
were entitled to it, and possibly we
ate a little more, but it was shame-
ful the way John Drew and John Ma-
lach and "Billy" Thompson and Tom
Long and the Edwards and Will Mc-
Mahan and Frank Vaughan and Jim
Buckley, "Dick" Dimick, Major A.
T. Tourtellott and a few more o-
them stowed away those chickens.There was one subject upon which
there was perfect harmony. That was
the delightful manner in which theinstitute had been managed, the
grand success that had been made of
it and the hospitality of the hosts,
the West Brooklyn people. They are
fine entertainers, and we hope for a
chance to come again.

MALACH FAMILY IS

WELL REPRESENTED

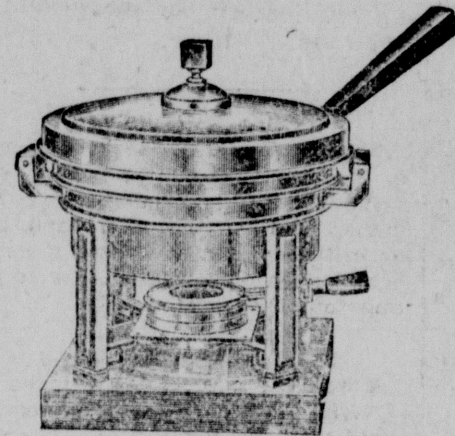

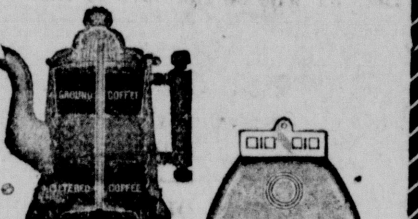

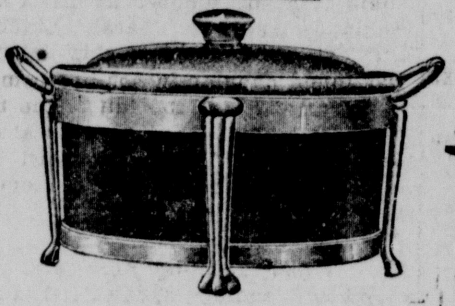

The family of Supervisor John Ma-
lach was well represented in the ex-
hibit list at the Farmers' Institute at
West Brooklyn, and the articles were
all of unusual worth.Thirteen year old Gilbert Malach
had on display an ingeniously con-
structed automobile in miniature.
The machine was built of seeds of
corn, wheat, oats and timothy hay.
The seeds were glued to a cardboard.
It was all there, lamps, glass front,
steering wheel and all, and attracted
considerable attention. This same lad
who, by the way, is left-handed, had
a very harmonious and beautifully
made piece of hand embroidery, and
also a correctly made hand-drawn
and painted map.The daughter, Daisy, displayed
some beautiful specimens of burnt
wood work and some embroidery and
another daughter, Bernice, had sev-

Bad Both Ways.
"A man should not seek an election to the senate with a view to making money." "No," replied Senator Sorghum, "and; on the other hand, he'll be criticised just the same if he accumulates money with a view to getting into the senate."

Natural Death Intervened.
A woman's natural death in the act of trying to hang herself formed the subject of an inquest at Liverpool, England, recently. Sarah Stafford, thirty-six, widow of a ship laborer, was found hanging in her bedroom by a belt attached to the rail of the bed, but it was established by medical evidence that she died from heart failure before she could actually commit suicide.

When Cleaning Furniture.
When cleaning upholstered furniture it is often either impossible or inconvenient to move it outdoors. In such a case place a damp cloth over the piece of furniture and then heat it, changing the cloth several times during the process. The dust will adhere to the cloth and will not rise in the room.—Suburban Life.

EDGAR TESTIMONY OUT

Lorimer Committee Strikes Reference to Darrow from Record.

Telephone Operator in East St. Louis Tells of White's Intentions Against "the Lorimer Crowd."

Washington, Dec. 15.—The Lorimer senatorial investigating committee ordered stricken from the record the testimony of Maxwell Edgar, a Chicago lawyer, that Clarence S. Darrow had been concerned in an attempt to bribe him with \$10,000 to cease his tax fight against the International Harvester company.

Charles A. White, the former Illinois legislator, who made an alleged confession of having been bribed to vote for Lorimer for senator, according to the testimony of Katherine A. Wood, a former telephone operator at East St. Louis, Ill., before the Lorimer investigating committee, once said to her:

"I'm going to make the Lorimer bunch pay me enough to keep me all the rest of my life. If they don't I'll make it hot for Lorimer."
"I told him to be careful or he would land in the penitentiary," said Miss Wood, "but White said he had influential people in Chicago back of him and he was not afraid."

Miss Wood said that on one occasion when she asked White who were his influential friends in Chicago, he said he was being backed by Governor Deneen and a Mr. Sullivan.

The witness said she did not know who "Mr. Sullivan" was. Senator Jones wanted to know if it were Roger Sullivan, the Democratic leader, but Miss Wood said White had never told her.

Miss Wood's testimony was part of the plan of the defense to charge that White's bribery story was a scheme to blackmail Senator Lorimer.

TAFT MAY VETO PENSION BILL

Not Likely to Sign the Sherwood Dollar-a-Day Act.

Washington, Dec. 15.—Although appealed to by Harvey M. Trimble, commander-in-chief of the Grand Army of the Republic, and other officers of that organization, to do all in his power to provide increased pensions for Civil War veterans, President Taft, it is believed, will not sign an act providing such an increase as the Sherwood dollar-a-day bill which recently passed the house.

The president, it is said, refused to commit himself during the call of the veterans as to how he would act.

OWNED MICHIGAN FARMS

New York Hermit Had Concealed Deeds to Valuable Lands.

Utica, N. Y., Dec. 15.—It developed that William R. Thomas, an aged hermit, who died a few days ago in his hut near Hamilton, a few miles south of this city, left several thousand dollars in cash and deeds to many valuable farms in Michigan, hidden under the floor of his home.

The money and other valuables were discovered by the authorities while conducting a search of the premises.

The money will go to cousins who live in this vicinity.

Mrs. McKee Rankin Dies.
New York, Dec. 15.—Mrs. Arthur McKee Rankin, the Kitty Blanchard of those who remember the old Union Square theater, was found dead in the bathroom of her apartments at the Hotel Belleclaire. Her death was probably due to cerebral hemorrhage.

HOW COOK WASTES COFFEE

Mistake by Which Delicate Aroma Is Lost—Difference Between Ordinary Cook and Culinary Artist.

A pleasing odor ascended to the guest room and one of the visitors sniffed it daintily. "The coffee smells good," she said, hastening her preparations for breakfast. The other guest shook her head sadly. "Yes," she replied, "it is good coffee, but it makes me sorrowful to have anybody make coffee so long before a meal is ready. So many persons do that. It shows at once the difference between an ordinary cook and a culinary artist. A careless cook often makes her coffee the first thing and puts it on the back of the range to keep hot, thinking thereby to have it ready for the table without further trouble and well out of her way. It is a fatal mistake. All the rich, delicate aroma of the coffee is lost in that way. We are getting it up here now, as you perceive. It is, as you have said, very appetizing, but coffee is not intended especially for an appetizer, and you don't wish it while you are combing your hair. To be perfect, with all its aroma and strength preserved, coffee should be served piping hot, just as soon as it is made."

Beetle Is Strong.

If asked to name the strongest animals, most persons begin with the largest; the elephants, and continue with oxen, horses, etc. This is, of course, correct in so far as their total horsepower is concerned, but for real strength, proportioned to the size and weight of the animal, one must go to the insect world. Compared with insects the strength of almost any large animal and especially of man, is absurd.

A man is considered strong if he can drag a mass weighing three or four times as much as himself, but the beetle will walk with 500 times his own weight. If a man were placed under a wooden box with five times his weight on top to hold it down, he would remain there indefinitely, but to retain a stag beetle prisoner in the same way one must pile on top of the box at least 1,800 times its weight.

Dainty World's Finest Port.

It is said of Dalny, the chief city and port of Kwangtung province, that it has the finest harbor and wharves in the Far East, vessels drawing up to 28 feet being moored alongside the quay. Goods can be discharged from a ship and placed aboard the freight cars, which run out to the wharves, in one operation. While ice forms in the protected parts of the bay at Dalny, it never becomes sufficiently thick to interfere with navigation, so that the port is open the year round and, Dalny being the southern terminus of the main line of the South Manchuria railway, the advantages offered are at once evident.

CAUSES MUCH DISEASE

ADVICE ABOUT STOMACH TROUBLES AND HOW TO RELIEVE THEM

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store—the Rexall Store, C. M. Campbell & Son, 105 First St.

A CORRECTION.

In last evening's paper it was erroneously announced that the children of the primary class of the Presbyterian church were to meet on Saturday afternoon. It should have been the children of the primary class of the Congregational church. They are to meet at 2:30 at the church to practice for the Christmas exercises. A candy pull will be enjoyed after the rehearsal.

PASSENGERS NEAR DEATH.

It will probably never be known how near one of the three Northwest fast trains came to being wrecked Wednesday night, as the result of a broken rail in the westbound track between this city and Nachusa. Fortunately the electrically operated block signal system in use on this railroad was responsible for train No. 3, due here at 1:57, being stopped and thus the broken steel was discovered and the train sent from Nachusa to Nelson on the westbound track. Previous to this time, however, No. 9, the fast mail train; No. 23, the American Express and No. 7, the Los Angeles Limited, had passed over the piece of track in which the rail was broken. All of these trains run at a high rate of speed and had any of them struck the dislocated rail a serious wreck would have surely resulted.

If Hank's smile was half as big as Ed's, it was a good broad smile. Upon inquiring the reason we learned that a little visitor arrived at the home of Mr. and Mrs. Henry Chaon to live with them on Tuesday morning, Dec. 12th. And moreover, it is a boy. We extend our hearty congratulations.

Did you attend the Farmers Institute? If you didn't you cannot even imagine what you missed. It was fine from beginning to end we shall tell you more in our next issue.

August Gehant, of West Brooklyn Ill., has some fine thoroughbred Rhode Island Red Cockerels for sale. See him if your wish to buy at reasonable price.

Subscribe for the West Brooklyn News, \$1.50 a year in advance. James Black of Maxwell, Ia., is staying for a few days with Mr. and Mrs. J. W. Thier and visiting with other friends of boyhood days in this vicinity. It has been ten years since William Black and family moved from Illinois to their present home and in this time considerable change has taken place and especially in this noticeable in the people.

S. J. Holdren and wife were over from their Viola home shopping Tuesday afternoon.

J. J. Bernardin of Amboy was over to West Brooklyn on professional business the first of the week.

W. B. Farmers Elevator Co.

The fourth annual election of officers for the West Brooklyn Farmers Elevator Company was held on Monday, Dec. 11th, in the opera house and out of a total of 300 shares 247 of them were represented at the meeting and in the voting. A ten per cent dividend was also paid at this time upon the \$15,000 capital stock of the corporation and much satisfaction was expressed over the way the company is flourishing and prospering. The same set of officials were all returned to office with handsome majorities and they are as follows:

President—Henry F. Gehant

Vice president and director—J. W. Thier

Treasurer—F. D. Gehant

Secretary—George J. Thier

Directors—John Erbes, John Fassig, George Schnuckel, Laurent Gehant, David Burkardt and John Halbmair.

At the re-organization meeting after the votes had been canvassed, W. J. Long was again selected to manage the company's office and elevator for another year. In former years the company paid a fifteen per cent dividend but this year cut this down to ten per cent and used the balance of the year's earnings in installing a track scale at their elevator. This cost about the equivalent of another ten per cent dividend that this year has been the most successful of the four and at least 20 per cent of earnings would have been the lot to be divided had not the scale been put in. The stock holders now have 55 per cent of their original investment back in their

hands in the shape of dividends and with four more years like the past four will have their money all back together with the interest and still have the stock well worth more than they paid for it. Is it any wonder that each year the stock holders keep electing the same board of directors and president, to care for the concern?

OBITUARY

Mrs. Mary Schmall was born on July 16th, 1877 in Brooklyn township and died December 10th, 1911, at the Chandler hospital. Her health has been poorly for the past year and has caused her much suffering and pain which gave her no rest to the very day of her death. She was at the hospital awaiting an operation when she suddenly was attacked with an illness that grew worse each succeeding day for several days until the Angel of Death called and relieved her of her burden and the cares of this world. She was brought to the home of her mother, Mrs. Philip Fassig, Sr., in West Brooklyn, and the funeral procession left from this home to the M. E. church where the services were held on Tuesday morning commencing at 10 o'clock. Interment was in the Union Cemetery of this place. A very large attendance witnessed the last rites over the body of a dear friend and neighbor and many relatives from other towns were in attendance too.

On January 29th, 1907 she was united in marriage to John Schmall and to this union three children were born, Leo, Nora and Dorothy. Nora died when but 6 months of age and thus but her little brother and sister, besides a husband, mother and several brothers and sisters are left to mourn her demise besides many more distant relatives and friends. We extend our heartfelt sympathy to the sorrowing relatives and friends.

Investigation Begins with Twenty Witnesses Present to Testify.

Indianapolis, Dec. 15.—The federal grand jury investigation of dynamiting cases begun here with more than twenty witnesses present and many of them from distant states. Mrs. Alta Hawkins, the boarding house woman who "tipped off" to the local authorities the names of certain men who she said were connected with the Von Spreckelsen explosions, will appear before the grand jury.

Mrs. Hawkins, it has been learned, has returned to Indianapolis. Recently she has been west and it was said that she was in California during the McNamara trials.

REPORT RAPS CHICAGO

Public Officers Lack Respect for Civil Service Law.

National Civil Service Reform League Asked to Investigate Grievances Against Public Officials.

Philadelphia, Dec. 15.—Robert Catherwood, president of the Chicago Civil Service Reform Association, made his report on Illinois and Chicago conditions to the convention of the National Civil Service Reform League here.

Mr. Catherwood's report says that officers of a medical society, members of the Chicago board of trade and labor unions have asked the association to put certain grievances against public officers in shape for a hearing under the civil service laws.

It is declared by Mr. Catherwood that "the Cook county commission has unfortunately felt the baneful influence of a county administration whose leading members have shown lack of respect for the civil service law. Its progress has been handicapped by many abuses."

Men and women from different parts of the country interested in the merit system for appointment to public office are gathered here for the convention. The most notable absentee is Charles W. Elliot, president emeritus of Harvard university, who was operated on for appendicitis in Ceylon last week. The address of Dr. Elliot, who is president of the league, was read at the night session.

Among the reports read were those of the council of the civil service reform associations composing the league and reports on the progress of the cause through the women's auxiliaries.

Among those who addressed the convention during the afternoon were William Dudley Foulke, Assistant Attorney General Winfred T. Denison and Dr. Edgar F. Smith, provost of the University of Pennsylvania. At the night session addresses were made by Former Attorney General Charles J. Bonaparte of Baltimore and Rudolph Blankenburg, mayor of Philadelphia.

BATTLE WITH ROBBERS

Citizens of Fancy Prairie, Ill., Rout Bank Thieves.

Safe in the Institution Blown Open but the Bandits Fail to Get Anything in Return.

Bloomington, Ill., Dec. 15.—The bank and postoffice safes at Fancy Prairie, forty miles southwest of here, were blown by four bandits early in the day. The robbers secured nothing and escaped after a battle with the citizens, who had been aroused by men who saw the light in the bank.

The thieves entered through the postoffice, which is in the same building with the bank. They opened the cash drawer in the postoffice, but secured nothing and went into the bank room. Two charges of explosives were used. The outer door of the safe was blown off and the door of the inner strong box was twisted by the explosion, but the thieves were unable to get anything, as by this time the citizens had opened fire.

After exchanging numerous shots the robbers slipped out the back door, disappearing in the darkness.

FROM CROESUS TO PAUPER

Once a Millionaire, Illinoisan Has Neither Money Nor Friends.

Bloomington, Ill., Dec. 15.—Probably in all the poorhouses of Illinois there is not a case so remarkable as that of William J. Henderson of Rossville. He was taken to the Vermillion county poor farm to spend the remainder of his days. Rated on three different occasions as a millionaire, he lost each fortune, and now, in his eightieth year, he has neither friends nor money.

Henderson came to America from Ireland when a youth of seventeen, full of energy and with a shrewd head for money making. He was married four times. After the loss of his last fortune, he was unable to support his wife and she returned to her children.

DIES BECAUSE AN OCTOON

Man Who Is Haunted by the Thought of Mixed Blood Kills Self.

Peoria, Ill., Dec. 15.—Haunted by knowledge that he was an "octoon," Henry Menefee committed suicide at the city office of the Burlington railroad. He shot himself.

Menefee ran away from his Tennessee home when fifteen years old. He had the appearance of a white man, but his mother was a quadroon. Because he failed to realize a higher ambition in life than a common laborer, Menefee threatened several times to kill himself.

"I have quit living, so you may find my body for the undertaker," was the note left for his employer.

Feet So Sore Couldn't Walk- Down Stairs-

TIZ Cured Her Quick

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett of Jeffersonville. TIZ DID IT. Mr. Crockett says: After the second treatment she walked down stairs one foot at a time. She has not been able to walk down stairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25¢ per box, or direct if you wish, from Walter Luthers Dodge & Co., Chicago, Ill.

HEART OUTSIDE CHEST WALL
Girl Born in Toronto Is Unprecedented Freak of Nature.

Toronto, Ont., Dec. 15.—An unprecedented freak of nature is under observation at the Children's hospital here. It is a baby girl that, just born, lies in a cot with its heart beating like an ordinary child, but with this difference, that the heart is outside the thorax instead of inside.

There is neither skin nor bone to protect the vital organ, which is hanging out on the chest wall. The doctors can see the blood rush into the chambers and watch them fill up when the heart contracts and the blood is seen forced into the arteries to be distributed through the body.

WHY SO WEAK?

KIDNEY TROUBLES MAY BE SAVING YOUR LIFE AWAY. DIXON PEOPLE HAVE LEARNED THIS FACT

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills make sick kidneys well. Here is Dixon testimony to prove it.

Mrs. William Toot, 512 W. Second St., Dixon, Ill., says: "I suffered for years from kidney complaint and my back ached persistently. I was so weak at times that I could not attend to my housework and nothing did me any good. Finally, I got a box of Doan's Kidney Pills at Leake Bros. Co's Drug store, and they cured me. I feel that my experience should convince the most skeptical person of the merit of Doan's Kidney Pills. I know of a number of other people who have taken this remedy with great benefit."

RE-ENDORSEMENT
Mrs. Toot was interviewed on January 5, 1910, and she added to the above: "I have no hesitation in verifying my former endorsement of Doan's Kidney Pills. During the time that has elapsed, I have taken this remedy occasionally and it has always brought prompt and effective relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DECLARES GOMEZ RULER OF MEXICO

Revolutionary Proclamation Is Issued by Zapata.

REVOLT COMES OUT INTO OPEN

Belief that Reyes is Only Tool of Another Sceme Justified, and Loyalty of Orozco Is Open to Gravest Suspicion.

Mexico City, Dec. 15.—The statements of friends of Madero for some time past that Gomez was fomenting a revolution are borne out by the proclamation of Emiliano Zapata, declaring Emilio Vasquez Gomez president of Mexico and Pascual Orozco chief of staff.

It further casts suspicion upon the loyalty of Orozco, already under accusation of having offered his services to Reyes. Zapata has been in arms continuously since the signing of the peace pact between Madero and Diaz and refused all attempts of Madero to induce him to cease fighting.

Simultaneously with the issuance of the proclamation new uprisings face the government in Nuevo Leon and Jalisco, where armed opposition has hitherto not been encountered. This now puts Puebla, Vera Cruz, Morelos, Yucatan, Nuevo Leon and Jalisco in the revolution column against Madero, if not the whole of each state, at least considerable men in each state.

General Figueroa, now in Madero's service, has been defeated in Morelos by Zapata's men. This is the biggest reverse the federals have received in more than two months.

That the revolutionists are becoming thoroughly organized is evidenced by their manner of action. They are now issuing receipts for all property taken, the receipts made redeemable "after the triumph of the cause," similar to the paper issued by Madero and his men when they were carrying on their rebellion a year ago.

Ajalpam, Cocoztlan, San Gabriel and San Mateo, towns situated near the limits of the state of Puebla and Oaxaca, have risen in arms against the present government, according to the latest reports from these points. The men who are now taking up arms were for the most part soldiers under the command of Camarino Z. Mendoza during the Madero revolution.

Troop movements from the national capital and elsewhere to disturbed regions are active. Three hundred and eighteen men of the Third battalion, under Cebo Aguilar, left here for Puebla to check the disorders. The Thirtieth corps of rurales, which has been lately recruited, has gone to Vera Cruz. The Ninth corps of rurales was ordered to proceed with all speed to San Andreas, Chalchicomula.

SET UPRISING FOR SUNDAY
Mexican Authorities Expect Rebellious Outbreak on That Day.

Monterey, Mex., Dec. 15.—According to documents in possession of the government authorities, next Sunday is the day set for the general uprising of the armed followers of General Bernardo Reyes.

Orders have been given for extraordinary vigilance on the part of the federal troops on that day. General Reyes is now reported to be near Galena, about a hundred miles southeast of here.

TO PROCLAIM REPUBLIC
Chinese Revolutionists Plan Such Action for Dec. 16.

Convinced that Coming Conference Will Not Accomplish Anything for Peaceful Settlement.

London, Dec. 15.—Dispatches from Shanghai state that the revolutionists have forestalled the coming conference there between Wu Ting Fang and others on behalf of the rebels and Lang Shao Yi and several associates acting for the government by deciding on a republic, which will be proclaimed on Dec. 16. Sun Yat Sen will be the first president and Nankin will be the capital.

This decision was based on the conviction that the conference will not lead to peace unless Premier Yuan Shih Kai abandons his monarchical ideas.

Preparations for an attack on Pekin are being energetically pushed forward.

The officials of the new republic start for Nankin today, to be ready to take up their posts tomorrow when the new republic begins its existence.

TESTAMENT TIMES BROOKLYN TABERNACLE BIBLE STUDIES

EZRA'S BIBLE CLASS.
Nehemiah viii—Dec. 17.
"The Law of the Lord is perfect, converting the soul."—Psalm cxix, 7.

EZRA APPARENTLY returned to Babylon, there to prosecute his study of the Law and his collating thereof. We next

hear of him thirteen years after, again a prominent figure at Jerusalem. Nehemiah's work on the city wall and its gates was completed a week before the Jewish new year. That week was used for rest and refreshment, and on that day (about October 1st) a general convocation or public gathering took place in an open square just behind the temple. There a platform or pulpit was erected for Ezra, who was the scribe or learned man of the occasion and read to the people from morning until noon out of the Book of the Law. It was read in sections. The priests and Levites commingled themselves

with the people and explained to them the meaning of the various sections.

It was an immense Bible class and aroused deep interest. As the people heard the words of the Divine Law, and realized that they had failed to keep that Law—even to the extent of their ability—they perceived the reason why the Lord had allowed various chastisements, captivities, etc., to come upon them. They perceived that such was His Covenant with them; that obedience on their part was to be rewarded with blessings and prosperity, and disobedience with punishment, captivity, etc. The realization of sin brought sorrow and tears—the people wept sore.

Then Nehemiah, Ezra and others explained to the people, directly and through the Levites, that this was not a time for tears but, on the contrary, a time for rejoicing. They were not only to remember the severity of God in punishing the wrongdoings of their fathers, but they were to remember also His mercies now returning to them, and especially to appreciate the fact that He had again sent to them the Law, and thus indicated His willingness to receive them back again to His favor.

They Read the Law Distinctly.
The declaration is that they "caused the people to understand the Law." There is evidently great need of just such instruction today. Nominal Spiritual Israel is in a dilapidated condition because of the lack in understanding God's Word. We seem to be in the time referred to by the Prophet, saying, "There shall be a famine in the land," saith the Lord, "not a famine for bread, neither a famine for water, but a famine for the hearing of the Word of the Lord." (Amos viii, 11.)

Many imagine that they are familiar with the teachings of the Bible, when in reality they are familiar with one or another of the creeds of the darker past, all of which contain some truth, with considerable error, we must all admit. Our great mistake has been in assuming that our confessions of faith and all of our creeds fully represent the Bible's teachings. This mistake has already been costly. Thousands of the most generous minds have been turned away from the Bible by the mistaken supposition that the creeds properly represent its teachings. Assured that they could no longer endorse any creed as a whole, these bright minds have renounced them and the Bible has won.

The necessary thing to be done is to resume Bible study, and that without our creedal spectacles. Our forefathers who made our creeds participated more or less in persecutions of each other which we today entirely condemn. They were as honest, doubtless, as are we, but they had less light—they lived in a darker Age. The belief that God is torturing thousands of millions of His creatures led some of our well-intentioned forefathers to torture one another in God's name, which we today can not endorse as being just or loving.

The Power of the Divine Law.
There is a power for good in the Word of God which can be found nowhere else. Higher Criticism has much responsibility in connection with the growing lawlessness of the world. The Higher Critics in all of our colleges and seminaries are doing a terribly destructive work, in comparison to which the work of Voltaire, Thomas Paine and Robert Ingersoll was as nothing. It is safe to say that three-fourths of all the graduates of all colleges within the last thirty years have been unbelievers in the Bible, and that their influence has been used persistently to undermine the faith of others. The errors which led them to infidelity are liable to influence others. The Bible itself is a Study, and only what it teaches should be believed, whether favorable or contrary to our former creeds.

JUDGE DISMISSES
HYDE CASE JURY

Holds that Harry Waldron Is Mentally Incompetent.

NEW TRIAL SET FOR JAN. 2, 1912

Missing Juror Returns and Tells of His Desire for Freedom, His Escape and Subsequent Wanderings.

Kansas City, Dec. 15.—Harry Waldron, the juror whose escape Sunday night blocked the second trial of Dr. B. Clark Hyde, charged with the murder of Colonel Thomas H. Swope, has returned home, pale and emaciated, and weak from hunger and exposure.

He was taken to court by Mrs. Waldron. After a conference with him, Judge Porterfield discharged the entire jury on the ground of Waldron's mental incompetency. He set Jan. 2, 1912, as the date for beginning a new trial. He said Waldron was in sane at the time he escaped and still is insane.

Waldron described to Judge Porterfield four days of wandering through the country in search of "fresh air and freedom from confining walls and staring eyes."

"I had been driven almost distracted, judge, before I got my feet on the ground and got to the county," he said, "but I don't think I'm crazy. I couldn't stand being copped up. When I would go into court I could hardly hold myself, the stares of the people worried me so."

"The first thing when my foot hit the ground after sliding down the fire escape the thought came to me that I had done wrong. I was going to return. Then I thought of a fine and possible other punishment, and I fled."

"I got a street car to Argentine and there caught a freight train that was going away from the city. I got off at Emporia, Kan. There I shaved off my mustache. I read of my escape in the papers. That worried me so that I couldn't eat."

"I told of the possibility of my committing suicide. I thought of my poor wife and children thinking of such a thing, and decided to return home. I got to Kansas City, Kan., Tuesday night, after wandering miles through fields and going on a freight car part of the way. Then I lost my nerve again. I went to William Moore's house and slept two hours, the only real sleep I had since I left the jury hotel."

"I had \$12 of jury salary which I had held out from my wife intending to buy Christmas presents for the children. I still have it. I spent only a few cents on my wanderings. I couldn't eat."

FEDERAL TRUST BUREAU

Wickersham Urges Such Body in His Annual Report.

Washington, Dec. 15.—Pursuing President Taft's recommendation that an executive bureau be created to supervise corporations chartered under a federal incorporation act, Attorney General Wickersham, in his annual report submitted to congress, suggests that the bureau of corporations be raised to that dignity, even in the absence of the proposed federal incorporation statute.

This branch of the department of commerce and labor, the attorney general urges, should be brought into closer relation with his department, and adds that it might well be "availed of as the nucleus for an administrative board under whose supervision consolidations or mergers for lawful purposes might be formed."

CANADA PREFERS U. S. TRADE

Figures Show Neighboring Nation Did \$769,500,000 Business with Us.

Ottawa, Ont., Dec. 15.—Although Canada refused to endorse reciprocity government reports show that the Dominion prefers to trade with the United States above all other nations. In the last fiscal year Canada's total trade was \$769,500,000, an increase of \$76,000,000. The increase was largely in commerce with the United States, the gain being \$61,500,000. With Great Britain, the increase was only \$2,250,000; with Germany \$3,000,000, and with France \$2,000,000.

The balance of trade in favor of the United States was \$180,000,000, the imports showing an increase of \$51,000,000.

Eleven Jurymen for Packers.

Chicago, Dec. 15.—With both the government and counsel for the ten indicted meat packers practically agreed upon eleven jurors, adjournment was taken until Monday, when it is expected District Attorney J. H. Wilkerson will make his opening address, outlining the charges of conspiracy in restraint of trade.

Bound and Gagged.

Chicago, Dec. 15.—Miss Ruth E. Wilks, seventeen years old, was bound and gagged in her home on the third floor at 1409 East Fifty-Third street by supposed burglar who ascended a fire escape.
